NOTICE OF LANDFILL PERMIT RENEWAL

U. S. Gypsum has submitted a permit renewal application to continue operation of the Class IIIb landfill located northeast of Sigurd, Utah. The Class IIIb landfill receives waste described in the permit application as waste gypsum by-products generated as part of the facility operations.

The Division of Solid and Hazardous Waste has reviewed the permit renewal application and a draft permit has been prepared. Before taking action on the request, the Division is providing a public comment period to receive input. The public comment period on the draft permit begins December 12, 2007 and will end January 11, 2008. A public hearing may be held if, within 15 days of publication of this notice, a request is made to the Executive Secretary in writing and meets the requirements of Utah Administrative Code R315-311-3.

An unofficial copy of the application and the draft permit can be viewed on the Internet at www.hazardouswaste.utah.gov. Official copies are available for public review during normal business hours at the following locations.
